Increased Rail Movement In Our Vegetable Crop

Twenty Percent Or More Increase In 50-51 Over The Previous Years

Comparative figures released by Mr. W. D. Brunson, D.F.A. of the Florida East Coast Railway, West Palm Beach, reveal an increase in vegetable production in the Everglades for the 1950-51 season over preceding years. In spite of the fact that much of the Everglades Land is being converted to pastures, vegetable production continues to play the most important part in the economy of the area.

Steer Feeding Is Moving Along Fine For Local Lions

"Win, Wigor and vitality" of local Lions is producing results. In their enthusiastic thinking for the community swimming pool which they are sponsoring, the idea of cashing-in on the financial benefits of the cattle business, they rented a 45 acre strip of land, fenced it, watered and ditched it and stocked it with 64 head of cattle.

After their own funds were exhausted they propositioned public spirited individuals to lend to the project monies at no interest to be used to purchase cattle.

Two of the animals were sold when ready for market at a neat profit and there still remains 62 head, estimated by cattlemen to be valued at approximately \$10,000.00. Together with the facilities provided gives the project a very interesting financial condition (Continued on page 4)

SLAUGHTER STEERS AND FEEDERS BRING TOP PRICES AT AUCTION

Approximately 8125 spice was the price brought by 344 cattle at the Monday auction. Nineteen commercial steers for slaughter averaged \$20.00 to the seller while 16 common feeders averaged \$23.87.

OPF officers visiting the Auction remarked that the packers who get enough cattle cheap in the field to justify over ceiling prices at selected auctions. This course included a scientific evaluation of his aptitude and

LOCAL MEMBERS PLAY AT ELKS GOLF TOURNAMENT AT VERO BEACH SUNDAY

Bob Muller, Chairman, announced at the Monday night meeting that the next golf tournament for the lower-east coast will be held at Vero Beach on Sunday the 29th.

Bob is expecting to carry a team of about twelve contestants for the Sunday trip and to bring back the cup.

No area-wide effort has brought as much mingling and good fellowship among the Clubs of Southeast Florida as this golf tournament, according to reports, and it finds a steady support among the membership of the lodges.

In this tournament the dubious of duels can win. It is not unusual to find the lowest net score in several clubs with a gross of over 105 to 110.

High School Held Up Account Of An FSA Steel Permit

County School Board Member Ruth Wedgworth Timmons reports disappointingly that the local high school building is being held up pending a permit from Department of Commerce and Federal Security Agency.

This permit is necessary as the proposed building has more than 25 tons of steel in it. To file a permit for permission to begin construction during the third quarter of the year the application had to be filed in Washington by the 15th of July.

On the 16th, the County Board was notified that the deadline of the 15th was in effect, so an application was filed on the 18th for permission to begin during the fourth quarter.

Mr. Timmons is confident that the permit will be received in time for construction to begin during the fourth quarter, and that it will actually be begun among the first 100 days of the quarter.

This new high school building will give Belle Glade a modern plant with the advantage of the latest in Florida architecture for convenience, comfort and utility.

TWO METHODIST CIRCLES HOLD REGULAR MEETING

The Mary-Martha and Ruth-Naomi Circles of the Woman's Society of Christian Service held their regular meeting at the Community Methodist Church Wednesday afternoon.

Mr. James A. Ball, Jr., led the afternoon "Come Unto Me."

A program on the "Backpack" of Phillips was given by the Mary Johnston Hospital and School of Nursing, was given by Mr. Carl Norman.

Those present were: Mrs. James A. Ball, Jr., Mrs. H. D. Ball, Mrs. C. A. Bailey, Mrs. E. L. Holladay, Mrs. Jane Veal, Mrs. D. W. Harris, Mrs. Carl Norman and Mrs. George Farnall.

Glades Guard Unit Goes To McClellan For Annual Camp

Forty Eight Officers And Men Will Receive Intensive Training

Captain John Hooker assisted by Lieutenant Cluke M. Lawrence, now of Wauchula, but formerly of Glades, will lead forty six non-coms, and privates to Camp McClellan Alabama Saturday morning for a two weeks training period.

Company "E" 21st Infantry, 51st Division of the Florida National Guard is the official designation, and Camp McClellan Ala., is the address.

Thirty one of these men are going to camp for the third year and will take advanced training, with the possibility of making a very good showing.

To supplement the cash contributions by local persons Top Sergeant Rahley was present Wednesday afternoon by THE HERALD and REDWING a conglomerate mixture of things which the boys feel are necessary to supplement GI issue while they are there.

Meat, sauces, washing powder, tea, mustard and ketchup were among those things. An electric washing machine has been obtained and will serve as laundry for the boys' personal clothing, by a daily washing by company detail.

Five of the boys went along on Tuesday as an advanced detail and so that the cooks might attend a school this week. According to reports our cooks are good anyhow.

The following is a list of the Company roster going to camp: Captain—Hooker, John W. Second Lieutenant—Lawrence, Cluke M. Jr. Master Sergeant—Jaap, Char-

LOU SELL SHELTERS LOCAL RESIDENTS

The purchase of The Rambler by Mr. and Mrs. Cecil Bair and Mrs. and Williams Maxwell announced this week.

Mrs. Maxey has lived in Belle Glade since 1938 and is well known in the community. Her culinary abilities. She has served as caterer at a number of local social parties and formerly of the Glades Hotel.

Her daughter, Mrs. Bair, has been employed the past year at the Florida National Bank. Mrs. Bair, who is employed with the City, will continue in his pre-vious capacity and the business will be operated by Mrs. Maxey and Mrs. Bair. Next Friday, August 3, will be their opening date.

Mr. Bair will work out of the Atlanta Office and cover the entire state of Florida. Beginning August 1st he will attend a two week preparatory school in Atlanta before beginning his new duties. Mr. and Mrs. Bair expect to make their home in Orlando.

Bair began working for the city November 20, 1941, at which time he was the only paid fireman and was on duty 24 hours every day. He was also city engineer and surveyor.

He left Belle Glade to enter the Navy October 15, 1942 and was stationed at Jacksonville, and Roanoke Island, N.C. (Continued on page 4)

On the right, Dr. Benigno Arqueles, Dean of the School of Agriculture at the University of Havana holding a stalk of green Knauf grown at the Everglades Experiment Station, Belle Glade, Fla.

On the left, Mr. Acuna of the O. F. A. R. attached to the Experiment Station at Saginaw Las Vegas, Cuba, with his hand on a bundle of Knauf cut to the length of six feet for convenience in shipping, also from the Everglades Station; the short bag is of the same length broken in the middle with the ribbons intact.

The two bags of green stalks were put aboard a transatlantic liner and will leave July 31. The picture was taken and were in Germany ready for use in a number of mechanical delecting equipment invented over there, the following afternoon.

Beck Resigns 19 Year Job As Belle Glade's Attorney

Herbert Beck resigned as City Attorney after nineteen years' service, Wednesday night in a letter in which he said:

"During the past 23 years, I have only had one real vacation, and my private practice in the past few years has increased so that I do not feel that I can do justice to it or to the city in retaining the position as City Attorney."

Cuba was asked for these green stalks by the German interest. Mr. Joe Walker, in charge of OFAR's and fibre project in Cuba in turn asked Dr. Allerton to furnish them from the local station.

This was done with the full and considered interest of the government of Cuba and the direct personal interest of President Priro himself. This is not a conservative estimate of the international fibre condition.

The plots at the Everglades Experiment Station from which these stalks were cut yielded 45 tons of green stalks per acre, measured and weighed by the Station. Fibre experts at the Station state that there is between five and six percent dried fibre by weight in these stalks as well as for my interest.

In leaving the City, I will always look upon you, not as my good friends, but as my very good friends."

The City accepted the resignation with regrets in the following letter, from Mayor Crider: "Your resignation from the position of City Attorney which you have held for nineteen years came as a great shock to me and the rest of the Belle Glade City Commission. It is with sincere regret that your resignation has been accepted and the commission that I write you this letter expressing my sincere regret and appreciation."

(Continued on Page 4)

July 31 Is Deadline For Union Camp Tax Reports

Around 13,000 employers subject to the Florida Unemployment Compensation Law have been mailed reports on which to make their contribution and wage reports for the second calendar quarter of 1951.

Director William U. Norwood, Jr., of the Unemployment Compensation Division of the Florida Industrial Commission, announced today.

Norwood cautioned these employers of eight or more workers that their reports and tax payments covering the April-June period must be made before the July 31 deadline to avoid penalty and interest charges imposed by Law. Money orders and checks should be made payable to the Unemployment Compensation Fund and should be signed by a duly authorized person to avoid confusion and receive proper credit.

Mr. Kenaf is a satisfactory substitute for all uses of jute and a superior substitute for a majority of its uses, according to spinners, weavers and users of the end products, such as bags, burlap, rope of certain kinds, carpet and linoleum backing.

A feasible and commercially practical small delecter which will allow the little grower to participate in this proposed Knauf production will add to the list of fast-growing diversification crops in the Glades.

Actual delectation of ribbons which was done on a large ramie machine at Canal Point is proclaimed by Mr. Guthrie of Lehigh Spinning mills as the finest yarn for bagging he has seen for competitive use.

Commissioner John Prince noted that the expenditures (Continued on Page 2)

Co. Commissioners Announces Budget For Next Year

Palm Beach County's budget of \$2,783,284 for the coming fiscal year was officially adopted by the County Commission at Monday's board meeting.

The budget, which will go into effect October 1, calls for an 11.66 mill levy—a slight decrease over last year's level of 11.69.

Commissioner Chairman Paul Rardin expressed his thanks to the board for "keeping the budget down and holding down the millage."

In addition, he praised county department heads "who cooperated splendidly with the budgeting process and helped their individual department budgets."

Commissioner John Prince noted that the expenditures (Continued on Page 2)

Impact Of Cattle Industry On Glades Economy Talked At Weekly Rotary Meeting

AMOCO RESTAURANT OPENS UNDER NEW MANAGEMENT

Management of the Amoco Cafeteria formerly operated by William F. Crider, was assumed last week by Mr. and Mrs. Jack Lamb.

Mr. and Mrs. Lamb who have recently returned from Chicago where they lived the past two years, formerly operated the Sweet Shop here. They state they are glad to be "back home" and plan to give their friends the best possible service in their new place of business.

While in Chicago Mr. Lamb was employed with an automobile factory and Mrs. Lamb worked with the Cracker Jack Company.

12% Protein Along With Carotene And Chlorophyll In Para

Mr. Otto Meyers, a Nebraska expert in Alfalfa for many years, has joined hands with Mr. A. R. Walker of Delray Beach in a project that is turning out dried Para grass at the rate of 100 pounds per hour bagged and ready for the dairy cow.

Mr. Meyers is using the Krummick facilities at the old ramie plant and gathering his para from around the community.

Alfalfa enthusiasts will always tell you what a fine product it is and just how easy it is to grow and gather and what the troubles are here—"It's too wet"—"para stems are hard to dry". They will finally come around though and tell you why they're interested in staying here to produce cattle feeds—it's the year round availability of green grasses and crops, and the very high protein content of all grasses here.

Then, as Mr. Meyers points out, there is a \$24 to \$24 per ton freight differential in favor of this neck of the woods.

The product Mr. Meyers is turning out now retains quite a bit of the green color, and is tagged with a "12%" protein content; it also has a large quantity of carotene and chlorophyll, both of which are necessary to healthy and contented milk cows, and help beef production.

Mr. Meyers is hurrying slowly in an attempt to iron out whatever kinks there might develop in his effort to have a year round feed production in the Glades.

His product is sold throughout south Florida and at present the demand is high for in advance of production.

TRUCK DRIVEN BY JOE CASSELLUS OVERTURNS SAT. ON STATE ROAD 80

Mr. Joe Cassellus, local contractor, narrowly escaped death last Saturday p.m. when his truck skidded on the wet road and turned over several times at Vinegar Bend between South Bay and Belle Glade.

Mr. Cassellus was given treatment at Belle Glade Memorial Hospital where he was held for observation until Sunday p.m. when he was able to return home.

Beams With Their Attendant Confusion To Agricultural Economy Cited

An otherwise empty appearing program for the quickly developed interest at the local Rotary meeting Friday when Prof. Speer, Assistant County Agent invited a round table discussion of the present and probable effect of the fast growing cattle business on the economy of the community.

A question brought the information that this past season saw some 18,000 more lots of winter vegetables leave the Glades area east of Lake Harbor, a final struggle toward off the area west of Lake Harbor.

This answered the question as whether the cattle is diminishing the production of winter vegetables. No authority conceded that the vegetable industry will do other than maintain its present volume, or increase.

The advantage of diversification was pointed out by several, particularly the tax advantages of cattle breeding, and its ability to come to the rescue of a losing vegetable season. A steady money lot out the year is practical, in the cattle business, and particularly the year round bagged and ready for the dairy cow.

Mr. Ralph Kurtz, an operator in the Glades for several decades of the Tugelo, Miami, case where cotton brought the economy of the community to practically nil. A progressive back in the Glades consider a farmer who mixes cattle along with his vegetable farming is less likely to receive the glassy stare which accompanies a "no" to the one with only vegetables.

The dairy business in Moore Haven, with 29 dairies in the community was cited as a successful venture for them and highly recommended for this area.

Other firms, it was pointed out, that have been on credit to customers who had the added advantage of some cattle cash, can the vegetable deal should go.

Information was given that science has devised means of lessening the loss of vegetables to the extent that the frozen food industry should not seriously interfere with our winter vegetable operations.

It was predicted by another that the Glades and Florida as a whole is developing into the center of the wet vegetable industry of the country.

Beams came in for an awful walloping when one member said "The bean business is the most viciously undernourishing food we have and must be eliminated for the good of the community." It was pointed out that the short time of growth, the potential return on a minimum of effort, and the illogical (Continued on Page 4)

PAR-TEE LINE

Country Club of the Everglades

According to Pro Zeiman a goodly number of teen-agers enjoyed the activities at the Municipal Recreation Center last Friday night. Ball room dancing was taught by Mrs. Ed Lively who has volunteered to instruct interested young folks each Friday night. The juke box will be sponsored tonight by an amateur band.

The Cottillon Club is planning a dancing party Saturday night, August 4. A West Palm Beach Orchestra will furnish the music.

COMMON SENSE INFLATION CONTROL.
During a talk in which he pointed to the fallacy of price control as an inflation remedy, he emphasized the need for increased production as the indispensable solution in the solution of the problem, Marshall Swearingin, President of the Oregon Farm Bureau Federation, said in part:

"Our successful free American system is challenged today. It is in the balance along with all the other elements of our civilization. People of the world look to America to set the pace in survival. Probably nothing is more important to world peace today than the question of how our economy can survive. America is already well down the road of inflation. The 1940 dollar is worth only 40 cents. The national debt nearly exceeds the national income. A child born today immediately assumes a personal debt of over \$18,000 before it has opportunity to fill its lungs with what we facetiously call our free air."

What is suggested by our politicians to meet this situation? Not more faith in the American system of private enterprise which built this country, but greater ownership and control of production by government. Not economy in government in the hope of holding down taxes, but constant expansion of Federal spending and higher taxes. As a substitute for American initiative we are being offered much the same kind of Socialism which has all but wrecked England.

As to whether price controls can stop inflation, Mr. Swearingin said: "Price controls do not decrease money; they do not decrease credit; they do not create things to buy. Controls of any nature decrease our capacity to produce, and certainly, controls utilizing a tremendous reservoir of manpower that should be producing things to buy."

"Do we stop ourselves and insist on common sense management of our economy or do we do it with a patchwork of price and wage controls when the swamp of crippling Federal debt and unbalanced economy has already taken hold? The politicians may not admit it, but price control is doing nothing anything—it can do it create more and worse problems. To take but one single example, the present tangled and disrupted meat situation proves that. Only a free, supply-and-demand economy can lead in the fight against inflation by giving its peak production."

CO. COMMISSIONERS
(Continued from page 1)
had been increased to take care of cost-of-living increases for county employees in the lower-income brackets.

Chairman Rardin explained that it was possible to increase expenditures during the coming year and at the same time reduce the tax millage because of an increase in the assessed value of property throughout the county. Property improvements the past year were responsible for the boost in valuation.

The Everglades Presbyterian Church, Belle Glade, will hold its annual Bible school beginning August 31, 1951. Outstanding materials for the school have been purchased and all children in the community are invited and urged to attend.

Mr. W. F. Laster, pastor, will direct the school, assisted by Mrs. Laster and a competent staff of teachers.

An outstanding feature of the school will be the showing of a movie on August 23, titled "Torch in the Night," Mr. William Walker, a missionary in Central America, will show the film and give a talk on mission work in that country.

The school will feature twice-to-the-bible stories and lessons together with hand work, games and fun for all groups three years through high school. The school is not intended for members of the Presbyterian church exclusively, but every child in the community is invited and will be welcome.

FLORIDA FOREST SERVICE
The Florida Forest Service maintains 10 Farm Foresters throughout the state to help farmers improve the quality of their woodlots and to give marketing and logging advice.

Over five million pine seedlings will be received free by state next winter as a contribution of the pulpmill industry to Florida reforestation and conservation.

A crop of over 27,000,000 pine seedlings is expected from this year's Florida Forest Service nurseries at Ocala and Munnson next winter.

The ten farm foresters of the Florida Forest Service gave assistance to 117 woodland owners during the month of April. This represented approximately 50 percent of all requests that were received during this period.

June 16 marks the fifth anniversary of the Tree Farm program in Florida. A total of 16 landowners have received the coveted certificate of the Tree Farm in the past five years. Blackwater River State Forest, in the northwest part of Florida, contains 182,000 acres of forest land, now being managed for maximum benefit by the Florida Forest Service.

Over 1,700,000 acres of Florida forest land.

swim. His youngest pupil is eighteen months old and this youngster can dive and swim.

Others elected: Mrs. T. Emerson Wortham, Lake Worth, vice-president; Mrs. J. F. Medley, Green Acres, secretary; Mrs. E. B. Nall, Clewiston, Palm Side superintendent; Mrs. J. C. Lockett, West Palm Beach, treasurer; Mrs. Harold E. White, Haverhill, young people's leader; Mrs. W. E. Schleicher, Belle Glade, young people's director; Mrs. Horace Uvlin, Pahokee, community missions chairman; Mrs. William Bell, Northwood, business study chairman; Mrs. W. E. Crocker, Lake Worth, stewardship chairman; Mrs. Harry Redifer, West Palm Beach, children's home chairman; Mrs. C. B. Jones, Canal Point, training school chairman; Mrs. William Jeffries, South Bay, Margaret fund chairman; Mrs. Robert Zwicker, Lake Avenue Church, literature chairman; Mrs. Donald Weeks, Belle Glade, publicity chairman; Mrs. R. Kelly White, West Palm Beach, board member at large.

Recreation experts have long maintained that swimming is the most popular and the healthiest of sports. It develops and maintains good muscles in the body and is recommended for therapy in many instances.

You may prefer to teach your youngsters how to swim yourself. It takes a lot of patience and understanding to win their confidence in the water. But what persistence and good company you'll find that after all, the child is really desirous of learning he will manage himself beautifully in the water.

On the other hand, many children fear the water, and in this case it is really best that a professional water coach take over. There is a sage of advice given over the pool at Bahama Shores that is something for all mothers to remember. It goes like this: "A child should be crying now that your child is learning to swim is a lot better than your wailing and grief if he doesn't learn to swim."

Remember this and get busy to see that everyone in your family knows how to conduct themselves in the water.

ERVIN STATES OPINION ON STATE ISSUES

TEACHERS - School boards cannot pay jump sums to Teachers' Union for a proposed increase over succeeding 12 months.

ATTRACTIONS - State highway patrolmen may regulate traffic in and out of drive-in theaters, motor courts, public swimming pools.

JUVENILES - Juvenile court may enter an order to protect a child in case of emergency. Circuit court already has jurisdiction.

FEEES - Money collected by the industrial commission from the inspection of elevators and employment agencies may be used in payment of elevators and employment agencies.

PRECINCTS - It is not mandatory that county commissions hold an election precinct boundaries match those of city precincts.

PRINTING - Tax assessor legally may order printed matter from county commissioner who runs a newspaper.

ALIEN - An alien may not become a notary public in Florida.

ESTATE - Property owned by husband and wife need not be administered where one has died.

FUNDS - Most income of the state universities is to be placed in the state treasury, and not deposited in private bank accounts.

COURT - County school board may insure property in mutual insurance company against loss by fire.

LIUENTENANTS - Legislature intended to create ranks of lieutenant for automobile drivers assigned to govern and state road department chairman.

Local Folks visit Electronic Display

Mr. and Mrs. Jack Royals of Belle Glade had the novel experience of performing on television during a recent visit in New York City.

As guests at the Radio Corporation of America Exhibition Hall, they mounted a brightly lit platform on which a television camera was trained. Then they watched themselves "perform" on a television screen which faced the platform.

The RCA Exhibition Hall in Radio City is one of New York's main gathering places for out-of-town visitors, and houses the largest free electronic exhibit in the metropolitan area.

Other places visited included: St. Patrick's Cathedral, Gompiote right seeing Bus Tour, Play Kias Me Kate, Marble Collecting Church (Sunday Service).

Mrs. J. L. Brown and children are leaving this week for a visit among relatives at Gastonia, N. C.

Mrs. Cecil Rogers and daughter Cora June are here from Arkansas for a visit with their mother, Mrs. B. H. Peacock, who spent the last six months in Sanford and Chattahoochee.

Mrs. Clayton Waters has returned from a visit among relatives in Chattanooga, Tenn. She was accompanied home by her mother, Mrs. J. B. Crow, who spent the last six months in Sanford and Chattahoochee.

Mrs. E. E. Hardy and infant son Elbert Eugene have returned home from the hospital.

Mr. and Mrs. John R. Crow, Mike and Sharon visited Mrs. P. E. Goessard, Mr. and Mrs. Mead Willis and family last week.

Mr. and Mrs. James Mott announce the birth of a son on July 14.

Mr. and Mrs. Wm. L. Wheeler announce the birth of a 3 pound daughter Jettie Ann on July 19. Mrs. Wheeler has returned home leaving the infant in the incubator for the present.

Mrs. C. G. Payne who has been visiting her daughter Mrs. C. D. Stevens, her son, J. C. Payne and their families at Florence, S. C. is expected home this week.

Mr. and Mrs. Ned Koehner of Canal Point visited friends in Jimmy Bay Sunday.

Jimmy Williams, Lamar Lovell and Raymond Martin are on a vacation motor trip to Clayton, Ga. and points in North Carolina.

Mr. and Mrs. Frank B. Willis, Frankie, Dick, Dan and Doris are visiting her mother Mrs. Ida B. Hoover in St. Augustine for a week.

HOME DEMONSTRATION CLUB HAS MEETING

Members of the South Bay Home Demonstration Club attended the Glades session of the County Council of Home Demonstration Women on Friday.

It was a progressive program. During the morning the group made a tour of the Everglades Experiment Station where they heard three talks by state experts on soil conservation and fiber plants. They visited the laboratory and inspected the

equipment and also the canning equipment for separate the fiber from the plant. They then adjourned to the Recreation Building at Canal Point where a covered dish luncheon was served followed by the afternoon program.

Miss Ellyt Holloway, district home demonstration agent with headquarters at Tallahassee, and County Commissioner Paul Rardin were the speakers of the afternoon.

Mrs. Mollie Covell of Okeechobee and Mrs. A. L. Cumpton of Fort Pierce attended the session at the Station. Mrs. H. C. Willis, Mrs. I. P. Roberts, Mrs. I. M. Davis and Mrs. B. H. McArthur of Blakely, Ga. attended both sessions.

Adult Union Class Enjoyed Social At Church

The Adult Union of the South Bay Baptist Church enjoyed a social at the church Friday evening. The evening was pleasantly spent in playing games and social fellowship. Ice-cold watermelon and punch were served to Mr. and Mrs. Edwin Best, Mrs. H. C. Willis, Mrs. W. M. Jeffries, Mr. and Mrs. O. H. Martin, Mr. and Mrs. J. O. Hardy, Mr. and Mrs. S. M. McArthur, Mrs. Maude Hartline, Josephine Martin, Mrs. L. L. Simmons, Mary Lou Mott, W. C. Allen.

No free government, or the blessings of liberty can be served to any people but by a firm adherence to justice, moderation, temperance, frugality, and virtue, and by a frequent recurrence to fundamental principles.—Patrick Henry.

ELEVEN CONVICTIONS FOR FRAUD CASES

Inspections of unemployment claims by the Benefit Department of the Florida Industrial Commission disclosed 11 convictions of fraud cases in Florida during the month of June, leaving 89 cases pending in court action, according to a report received today from the Unemployment Compensation Division.

During the first six months of 1951, 668 fraud cases were discovered compared to 1,237 cases reported for the same period in 1950, slicing in half the \$63,377 in benefits improperly obtained last year to \$31,643 for 1951.

Reports of number of cases completed showed an upward climb with 74 cases closed or 28 over last year's total at this time of 46. Investigation showed that there were 675 claims overpaid. Of these, 569 were disqualified and 107 liable for prosecution.

When related to the amount of benefits paid during the preceding year, the amount of benefits improperly received during 1950 was less than one per cent of the total benefits paid. An

BOARD OF EQUALIZATION TO MEET AUGUST 7

The South Bay City Council held their last session Tuesday, August 7 at the date when they will sit as a Board of Equalization at the City Hall at 8 o'clock in the evening.

Any property owner wishing to inquire into the valuation on his property for tax purposes or to protest the valuation may be heard at this time.

The Council also adopted the new City Seal to conform with the change by recent act of legislature and approval by the electorate from the Town to the City of South Bay.

A number of building permits were approved including a dwelling by Harvey R. Hodges on Bole Ave., a dwelling by Will Brooks in the Denton subdivision, three permits for bed room and bath additions to the dwellings in the Summerlin subdivision, and an emergency permit to George Petrievac to move a temporary ice-house on his tract on State Road No. 80 for a period of six months while he is building a permanent ice-house and living quarters.

The new business will be located on the east side of the highway adjacent to the F. E. C. depot, the former Victor Geiger tract. The water line was also ordered extended along S. W. Canal Street to the Warren warehouse and living quarters.

M. F. Meyers of Moore Haven has moved into the upstairs living quarters and is equipping the lower floor for a wood working plant.

PECKELLA NAMED DEPUTY GRAND EXALTED RULER FOR BPOE SO. CENTRAL DIST.

Howard R. Peckella, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, today announced the appointment of Charles H. Peckella as District Deputy Grand Exalted Ruler for the South Central District.

The South Central District embraces Lodges in Belle Glade, Pahokee, Fort Myers, Delray Beach, West Palm Beach, Sebring, Arcadia, Wauchula, Vero Beach, Lake Worth and Fort Pierce.

Peckella will leave on Aug. 8th for Bedford, Virginia to attend a conference of District Deputies called by Grand Exalted Ruler Davis to discuss affairs of the order and activities for the coming year.

Peckella served as Exalted Ruler of the Fort Pierce Lodge during the year 1948-49. He is a member of the Harry Anna Crippled Childrens Home Committee, having been re-elected a year term at the recent State Convention in Daytona Beach. He served as Chairman of the State Interlodge Visitation Committee for two years.

220 percent in fan mail since the release of his first picture has skyrocketed Anthony Dexter into the top five mail receivers at his studio. This new star of the production "Valentino" ranks only behind Rita Hayworth, John Devere, Judy Holiday and Glen Ford at Columbia Studio, and tops many other popular players in other major studios. The flood of fan mail began three months ago when his pre-released "Valentino" Dexter's only picture so far. Currently he is receiving an average of more than 2,000 letters a month. This number is expected to increase during the next month as additional fan magazine stories and layouts appear. Similarly, fan publications report that mail about Dexter to their editors, has placed him at the top of the list.

His own severest critic, Bing Crosby (from Florida), says he has yet to see one of his movie performances that he likes. laughs when anyone calls him a "creative artist" and says he plays Bing Crosby in every picture. Hope agrees with all this giving Crosby steals all his (Hope's) eggs for use in his show. steals his popularity on the golf links by "hating" him every night, and steals his hard earned money at the race track when Hope is sucking enough to place his money on the movie. Legionnaires May Get Chance At Buries Treasures in Fla.

Veterans with the right equipment and luck may knock off nearly \$300,000,000 as part of their trip to the 33rd annual national convention of the American Legion in Miami Oct. 15-18.

Scattered around the peninsula as recorded pirate treasure and other trove, it waits for them in sunken galleons or secret caches. A lot of the gold is reported hidden around and in adjacent Florida Keys practically within the sun-glashed shadows of their Miami-Miami Beach convention hotels.

Down off Marlin's suburban Long Key since 1716 with \$65,000,000 in treasure aboard are 14 Spanish plate ships. Cursed by Montezuma \$30,000,000 Irving A. Williamson missed in 1946 nestles in coral 149 feet off Angelfish Creek. Hidden by Key Largo, Williamson pegged it as the gold of Hernando Cortez, sunk with the Santa Rosa some 430 years ago.

Convention cost doubloons and pieces of eight include those in a couple of galleons sunk in 1622 near Matecumbe with \$5,000,000 in their holds. Off Soldiers Key (a natural for ex-G.I.'s) is a frigate on the bottom since 1829 with \$2,000,000 in her strong boxes.

Jean Lafitte's missing \$10,000,000 booty has been tabbed in spots around the Gulf from Key West to Galveston, Texas. One of Captain William Kidd's caches is an old well off Key West's Simonton street - value uncertain.

The Palm Beach smart set has its own viddy exclusive

treasure. Years ago, a diver working on the Palm Beach-Massachusetts cable (no longer operating) spied the wreck of the Santa Maria, which went down in 1595 with \$7,000,000 in the King of Spain's gold. The diver took the exact location of the galleon's resting place to his own.

Richest and latest prize reported ready for plucking is a \$76,000,000 pirate cache "about 10 miles from Pensacola." Mrs. Bula Croker, widow of Richard C. (Boss) Croker once Tammany Hall chieftain, has two maps showing the location in about 25 feet of water on the rocky bottom of a bayou. The once wealthy West Palm Beach widow declared the treasure stolen from churches in Mexico and South America, is in five chests placed like five spurs on dice. The middle chest contains a sealed pitcher filled with uncut diamonds and emeralds, two solid gold altar candlesticks and a Holy water bowl.

More than \$200,000 has been poured into delving and diving for \$15,000,000 in the quicksands of Fowler's Bluff, within the banks of the Suwannee River, about 15 miles above its outlet to the Gulf of Mexico.

Off Bradford lies another \$10,000,000 aboard two sunken schooners. Carrying United States gold to France for the Louisiana Purchase the money ships were lost there in a hurricane in 1802.

Back in the booming 20's Captain Clarence Roberts of Sarasota sought \$12,000,000 in corsair gold and gems in shallow water off Siesta Key near his home city. He tried and missed again in 1935. This treasure came from Peru consigned to the King of Spain, captured by pirates, it was taken to Point of Rocks, a Gulf coast promontory between Sarasota and Venice. There it was buried and moldered.

Five rich galleons toting at least \$1,000,000 from Havana to Spain were wrecked October

23, 1757 in the Bay of St. Bernard off Pensacola.

G. B. Mobley, who dug up the wreck of the Green Cove Spring still figured he was close to \$4,000,000.

Tampa annual Gasparilla (Jose Gaspar) Carnival stirs renewed hunts for \$30,000,000, the renegade Spanish admiral hid in the Charlotte Harbor region about 10 miles south of the cigar city.

Supervised catfish spining was permitted beginning July 9 on Lake Okeechobee, Lake George, Crescent Lake, and the St. Johns River at Green Cove Springs. Director Ben L. McLaughlin of the State Game and Fresh Water Fish Commission announced last week.

The announcement followed a three-hour informal meeting attended by about 100 commercial and sports fishermen and members of the Commission at Williston on July 3.

McLaughlin reported that the following regulations apply including gas and mudfish, will

be removed by these operations. All crews have been instructed to kill the predators before they are returned to the water.

Commissioners present at the meeting included Chairman Louis G. Morris, Monticelli; Cecil M. Webb, Tampa; Miller V. Joiner, Jacksonville; and Dr. E. G. Peek, Ocala.

Democracy And Americanism

Some have said that it is not the business of private men to meddle with government—a bold and dishonest saying, which is fit to come from mouth but that of a tyrant or a slave. To say that private men have nothing to do with government is to say that private men have nothing to do with their own happiness or misery; that people ought not to concern themselves whether they be naked or clothed, fed or starved, deceived or instructed, protected or destroyed.—Cato.

all seining crews, granted Commission permits, in these areas the operation is started: Wildlife officers in full uniform wearing sidearms must be present with each crew; each crew must be licensed (it is estimated that 30 crews will be issued permits); seining will be permitted only on Saturdays during daylight hours (from 4 a.m. to 4 p.m.) and no Saturday or Sunday seining will be allowed. Wildlife officers will place the boats and all equipment under lock and key at night; and each net will be required to have a fringing buoy (a buoy with a flag), while working.

The director also made it plain to the commercial fishermen that seining permits would be cancelled permanently for those violating any of the rules and regulations has set.

It is anticipated that a large number of predatory fish, including gas and mudfish, will

be removed by these operations. All crews have been instructed to kill the predators before they are returned to the water.

Commissioners present at the meeting included Chairman Louis G. Morris, Monticelli; Cecil M. Webb, Tampa; Miller V. Joiner, Jacksonville; and Dr. E. G. Peek, Ocala.

Democracy And Americanism

Some have said that it is not the business of private men to meddle with government—a bold and dishonest saying, which is fit to come from mouth but that of a tyrant or a slave. To say that private men have nothing to do with government is to say that private men have nothing to do with their own happiness or misery; that people ought not to concern themselves whether they be naked or clothed, fed or starved, deceived or instructed, protected or destroyed.—Cato.

From where I sit... by Joe Marsh

What's So Funny?

Just finished reading a magazine article that "proves" you and I don't know what's funny.

A bunch of psychologists came to this conclusion after telling jokes to college students. Very often they would give out with what they considered a side-splitter—and not get even a chuckle in response. Other times the students would laugh their heads off at stories that weren't considered really funny.

Maybe I'm wrong, but what makes a psychologist such a better judge of humor than the rest of

us? If a man gets a kick out of a joke that proves it was funny to him—doesn't it?

From where I sit, when psychologists try to set up a standard for a sense of humor they're getting too serious for me. Stands to reason that different people laugh at different things, just as they have different tastes for most everything. I'm partial to a glass of beer with meals myself—but I promise not to make any "joke-cracks" if you prefer tea.

Joe Marsh

Florida's growing telephone lines...

LIFE LINES OF FLORIDA PROGRESS!

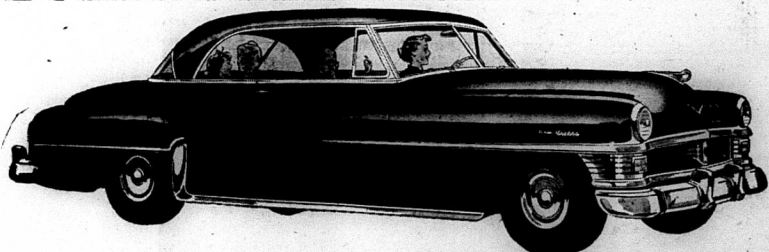

Fast-growing Florida depends more and more on the telephone. Its economic and social life are geared to it. Last year Floridians made almost 900 million local calls.

Today Floridians can call more than 2½ times as many local telephones as they could ten years ago and the service is better. Yet the overall price of telephone service has gone up less than one-fourth as much as prices in general.

The demand for more and more telephones continues, and Southern Bell hopes to build during 1951 nearly \$22 million of new facilities to provide the expansion and improvement of telephone service that is so essential to Florida's progress, and to national defense.—Southern Bell Telephone and Telegraph Company.

A. B. DOOLEY, Florida Manager

FLORIDA PROGRESS AND TELEPHONE PROGRESS GO HAND IN HAND

How much of "TOMORROW" would you like TODAY?

- 1 180 HORSEPOWER...**...here today, not "coming sometime!" Chrysler FirePower owners today have the most powerful engine ever put in an American passenger car... and enjoy incomparable performance on non-premium grade fuel besides!
- 2 HYDRAGUIDE POWER STEERING...**...now for the first time in any American passenger car! Automatic hydraulic power now gives steering ease, safety and car control under all conditions such as you never felt before!
- 3 POWER BRAKING...**...not "in the laboratory stage" but under your toe right now! Regular equipment on all Chrysler New Yorkers, Imperials, and extra-wheelbase Windsor models. Power braking assures smoother, safer braking.
- 4 HEMISPHERICAL COMBUSTION CHAMBERS...**...On the left you see the Chrysler engineering reason why no engine in any other American passenger car today can match FirePower's fuel efficiency or its 180 horsepower performance... Plus new Oriflow Ride Control... Waterproof Ignition... Safety Rim Wheels... Cyclebond Brake Linings... Ignition Key Starting... Come see and feel for yourself how much that other cars may have "some day," you can have now in Chrysler! See it and drive it.
